■ Who We Are

Associação Manancial do Amor - AMA is a non-profit solidarity association that has been carrying out social action since 2013.

With a humanitarian vision rooted in love of neighbour, the AMA Association was set up in 2013 by the company Gracelandia, with the sole mission of developing social solidarity projects in favour of the most vulnerable.

■ Our Story

Everything we do with effort and dedication, working hard with our hands and with the collaboration of our partners, is simply to show and share love.

Thanks to the AMA Bakery, the Association's only source of sustainability is bread. Bread has become the symbol of our humanitarian mission.

With the proceeds from the sale of bread, we buy other products for donations, such as juice, milk, porridge and others.

Solidarity actions are implemented through social cooperation protocols with some institutions (prison, hospital and communities).

These actions are implemented through the following social projects:

PROJECT DESCRIPTION: THE BALLOON OF LOVE AND **SOLIDARITY**

THE BALLOON OF LOVE AND SOLIDARITY – SINCE 2013

It consists of providing snacks every Saturday for children from some peripheral communities of Luanda such as (Zango, Mundial, B. Bié, B. Salinas, Rocha Pinto, Zona Verde etc.). Since 2013, our action has benefited around 20 thousand children.

As of January 2025, in addition to our activities in the various communities, we open the doors of the AMA headquarters on Saturdays to offer snacks to the children of our community. We've been serving around 500 children at the headquarters and 2,000 children in the other communities through our field team.

The snacks consist of hot soup, milk, bread, juice and porridge for the younger children. We also dedicate a section to birthday children, offering a special snack.

GIVING FOR LOVE

BIÉ NEIGHBOURHOOD

The arrival of the Balloon of Love and Solidarity team moves the communities every Saturday morning, under the sun, we try to bring refreshments to the children.

The women of the communities have offered support in solidarity actions, making themselves available to help in the process of distributing snacks and organizing the children. This beautiful gesture has been gratifying and motivating for us.

HOSPITAL

PROJECT

HOSPITAL PROJECT – SINCE 2019

It consists of donating daily bread to patients in need undergoing haemodialysis treatment. Snacks are distributed to patients after treatment, in order to help with the diet of patients who, for various reasons, face social difficulties.

Our cooperation is developed with the support of the hospital's social sector.

We donate 400 loaves of bread daily, from January to December, for patients.

CHRISTMAS CELEBRATION WITH PATIENTS

At Christmas, we provide a hot meal for Christmas celebration, thus demonstrating our love.

PRISON

PROJECT

PRISON PROJECT - SINCE 2015

This project consists of donating daily bread to the inmates of the women's penitentiary in one of Luanda's prisons.

Over Christmas we also celebrate with them, giving them a hot meal and making them feel our love on family day.
